

“I didn’t know ... “

You will create a multimedia presentation of 10 slides of what you learned in this unit. Each slide must include the statement “I didn’t know...”, a supporting illustration and a fact statement. Below is an example.

I didn’t know that people actually ate algae!

QuickTime™ and a  
decompressor  
are needed to see this picture.

Kelp has many commercial uses including dietary and medicinal uses.

**Fact: Substances from brown algae are used as a stabilizer or emulsifier, and is commonly present in many every day products such as Aquafresh Tooth Paste, Baby Ruth Candy Bar, Dairy King Nonfat Chocolate Milk, Dreyer's Grand Ice Cream & Jerseymaid Sour Cream!**

Find at least 10 things you didn’t know about before this unit and construct your “I didn’t know...” multimedia presentation. Be sure to include a title slide with your name. Please follow your teacher's instructions for submitting your work.
