

Coastal Ecosystem PowerPoint

Create a PowerPoint which illustrates one of the marine communities described in this unit.

In your 10-15 slide PowerPoint, be sure to creatively include:

Organisms: producers, consumers & decomposers

Abiotic and Biotic factors

Examples of Biodiversity

Examples of realistic symbiotic relationships: commensalism, mutualism & parasitism

Evidence of nutrient and matter cycling

Illustrations of organisms in a population and community.

Include a title slide and a citations slide.
