Recommended: grades 8-10

Test Prep: Spanish CLEP You should wait until you've completed all of your Spanish studies.

Course Description: This high-school level course introduces students to effective strategies for beginning Spanish language learning, and to various aspects of Spanish speaking culture. This course encourages interpersonal communication through speaking and writing, providing opportunities to make and respond to basic requests and questions, understand and use appropriate greetings and forms of address, participate in brief guided conversations on familiar topics, and write short passages with guidance. This course also emphasizes the development of reading and listening comprehension skills, such as reading isolated words and phrases in a situational context and comprehending brief written or oral directions. Additionally, students will examine the practices, products and perspectives of Spanish-speaking culture; recognize basic routine practices of the target culture; and recognize and use situation-appropriate non-verbal communication. This course further emphasizes making connections across content areas and the application of understanding Spanish language and culture outside of the classroom. (The base of this course is "Spanish 1" offered by Georgia Virtual Learning. Much of the wording and assignments come from there except that more activities have been added to it. The course was altered where necessary to make it usable at home with a parent/teacher who doesn't know Spanish. The vocabulary lists are from there, such as from [this unit](#). Where videos and images have been downloaded, the source link has been included.)

Note:

You can find a good online Spanish-English and English-Spanish dictionary at wordreference.com. You can even hear the Spanish words pronounced for you on this site, with a choice of Mexican, Spanish (from Spain), or Argentinian pronunciation. Simply click where it says "escuchar" next to the word.

Spanish. You could do something else.

2.Requirements

- Your presentation must include information about yourself and at least one other person.
- It must include pictures of yourself and/or others.
- You can use images if pictures aren't available.
- You must have at least 8 sentences.
- You must include an audio presentation in Spanish. (You can just read your sentences, but you could record yourself.)

- 3.Score your project. Score up to 20 points for completing 8 sentences. Score up to 5 points for your audio presentation, for being clear and confident, not stumbling. Score up to 5 points for correctness. Parent, have your child show you a few things that you point out. Have your child look them up in the learning material so that you can check the spelling and you can try to spot similar sentence patterns.
- 4.Record your score on your grading sheet. (out of 30)

Day 25: The Verb “Ser” & Negation

- 1.“Ser” is an important verb in Spanish. We use “ser” to describe ourselves and others. Watch this [video](#) and take notes.
- 2.Negation is used to make sentences negative. This is easy to do in Spanish. Simply put “no” in front of the verb in the sentence.
- 3.Learn [more about ser](#). Watch the video, review the chart, and copy one of the examples of the use of negatives.

Day 26: Cultura

- 1.Watch this youtube video on [Buenos Aires – La Ciudad del Tango](#).
- 2.Review your vocabulary. There will be a vocabulary midterm later in the course. Always review and use what you know!

 - Ejemplo: Me llamo Elisa. Soy de Atlanta, GA. Yo soy alta, inteligente, y morena. Mi hermano es bajo y cómico. ¿Cómo te llamas?
 - Score your assignment. Score up to 20 points for following the directions listed above. Score up to 10 additional points for correctness. Because the student is asked to only use vocabulary and grammar found in the learning material, your child should be able to show you any word so that you can check the accuracy of the spelling. You can also have your child show you similar sentences to the ones

used.

- Record your score out of 30.

- 3.Give your brain a rest. That's an important part of language learning too. No new

vocabulary until Day 30.

La Escuela

Day 30-31:

- 1.Study this [vocabulary list](#). You need to know these by day 45.
 - Audio Links ([source](#))
 - [Group 1](#)
 - [Group 2](#)
 - [Group 3](#)
- 2.The best way to remember vocabulary is to use it, even if that means mixing English and Spanish in your sentences.
- 3.Here are some [flash cards](#) to help you.

Day 32:

- 1.Read “¿[Qué hago en mi colegio?](#)”
- 2.Play a [school matching game](#).

- 2.Identify the [pronouns](#).
- 3.Make sure you are working every day on your [vocabulary](#).

Day 34: Los Plurales (Pluralization)

1. Read about changing nouns into the [plural](#) or watch the [video](#).
2. In Spanish, nouns and adjectives have to match in number and gender.
 - The plural of el is los.
 - The plural of la is las.
 - The plural of un is unos.
 - The plural of una is unas.
 - If a noun ends in a vowel, make it plural by adding -s.
 - If a noun ends in a consonant, make it plural by adding -es.
3. Try this [exercise](#) and record your score out of 15. Note: the plural of “el tren” (train) is shown incorrectly in this exercise. It should be “los trenes.”
4. Remember the [subject pronouns](#)?
5. Can you [write the subject pronouns](#)? Record your score out of 10.

Day 35: “Ser”

1. In this lesson, you will learn more forms of “ser.”
2. Complete the [4 exercises](#) under present tense Identity. Click on present tense and you’ll see four different symbols under the line which reads just “Present Tense Identity”. You’ll click on each of those four symbols.
3. Review your vocabulary. Always do it out loud!
4. Practice writing your vocabulary too. Can you spell it?

Day 36: Possessive Adjectives

1. Possessive adjectives are important because in Spanish, the possessive apostrophe “s” (‘s) doesn’t exist.
2. Watch this [presentation on possession](#), and/or you can [read about it here](#).
3. In Spanish, we do not say “my brother’s friend.” Instead it has to be said: el amigo de mi hermano, the friend of my brother. “Mi” is the possessive adjective.
4. Complete this [activity](#) and record your score as the total 19 minus whatever it has there as what you got wrong. (example: -2 is what it shows, then $19 - 2 = 17$, your score) Potential for extra credit because it’s being recorded out of 15.

Day 37 – 41: Vocabulary and Grammar Project

 - Your presentation must include information about yourself and your school life (la vida escolar).
 - It must include pictures / images of related to your presentation.
 - You must have at least 4 slides, and a total of 8 sentences.
 - You must include an audio presentation in Spanish. (You can just read your sentences, but practice first!) To help with this, you can record it and upload the audio using Audacity if you are using something like PowerPoint. You could record yourself with a webcam, with a phone, etc.
 - Finally, it must be completely done in Spanish.
3. Score your project. Score up to 20 points for completing 8 sentences. Score up to 5

points for your audio presentation, for being clear and confident, not stumbling. Score up to 5 points for correctness. Parent, have your child show you a few things that you point out. Have your child look them up in the learning material so that you can check the spelling and you can try to spot similar sentence patterns.

4. Record your score out of 30.

Day 42: Cultura

1. The Day of the Dead is a celebration held on November 1 and 2 in Mexico. It is a national holiday and banks, schools, and government offices are closed. Family and friends gather to remember family members and friends who have died. Traditions include building private altars honoring the dead or bringing favorite foods or possessions of the deceased to grave sites.

2. Watch this youtube video on [El Dia de los Muertos](#) en Mexico.

Day 43:

1. Write a conversation of 8-10 sentences among three people, two teenagers and an adult.

2. Be sure the teenagers address each other as “tú” (speaking to one person), ustedes (speaking to more than one person), and the adult as “usted”.

3. Keep your sentences simple, using some of the adjectives you have previously learned.

4. Remember to use ser and subject pronouns you have learned.

5. For example, instead of saying someone’s name more than once, you can use “ella” or “él”.

6. Be as BASIC as possible. (It is so easy to tell when someone uses Google translate. Don’t do it.)

7. Use only the vocabulary and grammar you have been taught so far. (This is different from what you did in the introductory courses.)

4. What are all the subject pronouns? When are they used?

5. Study your notes and practice with your flashcards.

6. Practice your [vocabulary](#).

Day 45

1. [Match the terms](#). (source)

2. Record your score out of five.

STOP

Time for a report card and portfolio/records updating.

Portfolio/records: In your portfolio you should include one of your writing assignments from this quarter. You can also take a screen shot of one of the online quizzes. You could save any other assignment that's different—like a printout of a powerpoint. Choose things that are neat and well kept. NOTE! If you are turning your portfolio into the school district, keep a separate records binder for yourself at home. Include the best writing assignment and maybe one other assignment that you think highlights the course or your child. This is for your high school records. You will hold onto these records until your child is in college! You don't want to save too much, but you want to have enough, just in case.

Report Card: In public school you get your grade for your class every quarter of the school year. That's about now. This isn't your final grade for your course. It just lets you know how you are doing. This is how you find your grade: add up all the grades you have been recordings. Add up your scores and write that number down.

Divide your score by total possible Move the decimal point over two places to the right. In the next box over, write the number in front of the decimal (something between 1 and 100). This is your percent grade. In the next box over write your letter grade. Anything starting with a 9 is an A. Anything starting with a 8 is a B. Anything starting with a 7 is a C and so forth. If you have everything perfect, then your grade is 100. That's an A too.

Your goal is to get an A for the course at the end of the year. Go back and look at where you lost points. What can you do to avoid losing those points in the next quarter?

Days 46-48

(*)Print out a Second Quarter [Grading Sheet](#) (pdf) or use the [Excel](#) version to keep track of all the little grades from quizzes and assignments.

1.*This chapter's [vocabulary list](#) focuses on the infinitive forms of some "ar" verbs, classroom objects, and high numbers.

- Audio Links ([source](#))

- [Group 1](#)

- [Group 2](#)

- [Group 3](#)

2.It is highly recommended that you make flashcards for the vocabulary. For some it helps them a lot to write out the words and definitions. If you don't need to write them to learn them, here are some [flashcards](#) you use to practice.

3.Always repeat words out loud, not in your head.

4.You have the next few days to make flashcards and practice.

5.Try to find what helps you learn best. Write down the words. Say them out loud. Have someone quiz you. Try different methods of studying.

6.Always repeat words out loud, not in your head.

7.You need to know these by Day 63. (But don't forget to review old words as well.)

Day 49 Los Verbos "AR"

1.Now that we have learned our vocabulario, let's begin conjugating "AR" verbs.

2.Conjugating verbs in Spanish can be complex, and requires significant practice.

3.Conjugating verbs ensures that the form of the verb matches the pronoun used.

4.When you review your vocabulary, notice how the words that end in "ar" mean "to do" something. For example, hablar means "to speak."

5. Now that we will be able to use verbs correctly with subject pronouns, we have to change the verb to fit the pronoun. We wouldn't say "yo hablar" because that means "I to speak." Essentially, we have to change the verb to "hablo" so it corresponds with the pronoun.

6. [Read](#) all about it.

7. Once changed, it means "I speak, you speak, he speaks..." [Watch this video](#) on conjugation of -ar verbs.

8. Now, [practice](#) AR verbs.

Day 50 Los Adjetivos

1. Practice again with [ar verb conjugation](#) and record all three scores (out of 7, 8, 6).

2. Learn about [Spanish adjectives](#).

3. It's always a good idea to take notes, copy down sentences, practice your spelling...

Day 51 El Verbo Estar

1. Practice again with [adjectives](#).

2. Today you will be introduced to a second way to say "to be" in Spanish: the verb "estar." Remember that you already learned the verb "ser." The two verbs are used in different situations. Read the lesson and do the "[practice verb conjugation](#)" at the bottom and record your score out of 12.

Day 52

1. Continue to practice estar.

2. Use the lesson and use other [links](#) at the bottom of the page, uses and quiz 2. Record your score out of 25.

3. Quick review: [plurals](#)

• Record your score out of five.

4. Quick review: [numbers](#)

Day 53

1. Read "[El Pájaro y El Pan](#)." There are many new words in this story, so it will be a bit of a challenge. You should click next to any word you don't know in the white boxes at the bottom of each page, and a definition will appear. Otherwise, you can look up any word you don't know in your online dictionary. You don't have to memorize all the new words now, but try to get familiar with them. After you finish the story, take the quiz.

2. Check your [answers](#).

3. Record your score out of ten.

4. Listen to [The Greatest Treasure](#) and read along. What can you understand? What words do you recognize? There will be many unfamiliar words; don't worry about this. It's good to just practice listening. It's also good to get used to different types of accents. This story is read with the pronunciation used in Spain, which is a bit different from that of Latin America.

5. Now listen again, but turn away from the computer. Just listen.

Day 54

1. Review the conjugation of the present tense of [Ser and Estar](#).

2. At the link above, click on generate unique quiz. Change it to 15 questions. You are going to write the conjugations.

3. Record your score out of 15.
4. Make sure you are daily reviewing vocabulary. If it stays fresh in your mind, you'll be able to hold onto it longer. There will be a big vocabulary test on Day 94.

Day 55

1. To incorporate the vocabulary and grammar you have learned in this chapter, you will be required to make a comic strip. You can use this [template](#).
2. Requirements:
 - Your comic strip must include verbs you have learned in this chapter (including *estar*).
 - Your comic strip must include 6-8 detailed sentences using vocabulary words from this chapter or the previous chapters. You can include questions to be counted, as well. Show off what you know!
 - Your project should be grammatically correct, including the use of appropriate punctuation and accents.
 - You will present your comic strip and read it to an audience.
3. It's due on Day 58. See Day 58 for how you will be scored.

Day 56

1. Listen to a [story in Spanish](#) about telling the truth ("la verdad"). You may not understand much, and that's OK. It's good to just listen. Try to understand as many words as you can. Try to pick out one or two words or expressions that are new, look them up in your online dictionary, and learn them.
2. Work on your project. Keep in mind the requirements and the grading rubric.

Day 57

1. [Listen](#) to a couple of minutes of Spanish. Listen to how it sounds. Listen for words you know. Listen for words whose meanings you can guess. Note that this story is spoken with the pronunciation used in Spain.
2. Work on your project. Keep in mind the requirements.
3. It's due on Day 58.

Day 58

1. Finish on your project.
2. Score your project. Score up to 20 points for completing 6-8 detailed sentences. The sentences should not just be subject and verb. There should be adjectives. Score up to 5 points for your audio presentation, for being clear and confident, not stumbling. Score up to five points for correctness. Parent, have your child show you a few things that you point out. Have your child look them up in the learning material so that you can check the spelling and you can try to spot similar sentence patterns.
3. Record your score out of 30.

Day 59 Thanksgiving

1. Watch this turkey Thanksgiving song [video](#).
2. Then learn these [vocabulary words](#). If you're celebrating Thanksgiving, try to use all the words with your family during the holiday. They'll be impressed!

Day 60 Cultura

1. Watch this video on the [Quinceañera](#). (This is on youtube. Make sure you have on safe mode.)
2. Answer the following questions:
 1. At what age does the Quinceañera occur?
 2. What are the two parts of the Quinceañera?
 3. What is the last toy that a girl receives?
 4. Explain the “changing of the shoes”.
 5. Name three of the seven important items needed for the Quinceañera.
 6. In what part of the world is Quinceañera celebrated?

Day 61

1. Compose a paragraph describing what supplies you have and need at school / home to do your coursework.
2. ¡Importante!: Write in Spanish only!
3. Include at least 5 sentences.
4. Be as basic as possible. You can use “Tengo” to mean “I have” and you can use “uso” to mean “I use.” An example: Tengo una calculadora. Uso una calculadora en la clase de matemáticas.
5. Use the vocabulary and grammar that we’ve covered so far. You may not be able to say much, but that’s ok!
6. Please remember your honor code and do not use online translators! If you were in a classroom and used Google Translate, your teacher would know right away. My (Lee’s) husband used to teach French and Russian, and he could always tell when someone used Google Translate. Don’t practice cheating. Practice so you can learn.
7. Score your project. Score up to 5 points for each of your 5 sentences. Score up to 5 points for correctness. Since only taught vocab and grammar is used, have your student show you a couple of words and similar sentences in the learning material, so that you can check for accurate spelling and construction.
8. Record your score out of 30.

Day 62

1. Speaking is a great way to enhance your language learning.
 2. Language learning has four components: reading, writing, speaking, and listening.
 3. Prepare your answers and then read them in front of an audience.
 4. Select 4 of the 9 questions. A few new words or expressions are explained in parentheses.
1. ¿Vives en una casa ? (Vivir means “to live.” Yo vivo, tú vives...)
 2. ¿Escuchas la radio?
 3. ¿Estudias para la clase de español?
 4. ¿Estudias con tus amigos?

Portfolio/records: In your portfolio you should include one of your writing assignments from this quarter. You can also take a screen shot of one of the online quizzes. You could save any other assignment that's different. Choose things that are neat and well kept.

This is how you find your grade: add up all the grades you have been recording for this quarter. Add up your scores and write that number down.

Divide your score by total possible. Move the decimal point over two places to the right. In the next box over, write the number in front of the decimal (something between 1 and 100). This is your percent grade. In the next box over write your letter grade. Anything starting with a 9 is an A. Anything starting with an 8 is a B. Anything starting with a 7 is a C and so forth. If you have everything perfect, then your grade is 100. That's an A too.

STOP

Time for a report card and portfolio/records updating.

Portfolio/records: In your portfolio you should include one of your writing assignments from this quarter. You can also take a screen shot of one of the online quizzes. You could save any other assignment that's different—like a picture of you giving a presentation. Choose things that are neat and well kept.

This is how you find your grade: add up all the grades you have been recording for this quarter. Add up your scores and write that number down.

Divide your score by total possible. Move the decimal point over two places to the right. In the next box over, write the number in front of the decimal (something between 1 and 100). This is your percent grade. In the next box over write your letter grade. Anything starting with a 9 is an A. Anything starting with an 8 is a B. Anything starting with a 7 is a C and so forth. If you have everything perfect, then your grade is 100. That's an A too.

Your goal is to get an A for the course at the end of the year. Go back and look at where you lost points. What can you do to avoid losing those points in the next quarter?
